ROMA FESTIVAL

Roma & Sinti is the largest ethnic minority group in the EU, about 8 Million people. They are confronted with racist discrimination and social exclusion as well as romantic clichés and opera interpretations.

In 2008 Studio West initiated an integrative cultural project named „**vide_o_drom**“. „Drom“ means „road“. „Video on the road“ through Middle – and Southeastern Europe: Austria, Hungary, Romania and Bulgaria. Video workshops and video productions in cooperation with local Sinti and Roma communities. The result is **short films from Roma about Roma**.

In June 2009 „**vide_o_drom**“ arrives at Salzburg. A four-day festival with international film program, live concerts, panel discussions and talks.

AMEN SAM ROMA. We are people. • Join us in and celebrate Roma and Sinti culture.
